On HWY 37

Attention all club members!

We need your new titles. Did you finish Fido? Were Awarded an Agility title, finish your dog in Conformation or did your dog Obey Obedience? Send Lea Anne your name, dog's full name and call name and the exact title you won. You and your dog will be included in our December awards ceremony. Call Lea Anne at 740-763-0611 with full info or any questions.

Club News:

Our June meeting, held June 12th, was a short meeting with no visitors or new members. We discussed the importance of having a bench show committee and Judy Riley suggested we have a bench show committee seminar for club members. We are in good shape for our Fall show. We added a Best Puppy group to our Fall show in Urbana.

The club members who attended the Breeder Symposium held at OSU in April will begin holding short training sessions on the material (as part of our meeting agenda) beginning with the August 14th club meeting.

Joan Priest is again organizing our July picnic which will replace our July 10th meeting. Those who plan to attend our picnic should call or email Joan (740-994-0731 or

ckalb123@hotmail.com) as soon as possible. Also don't forget to bring a side dish and your own eating utensils.

Lea Anne Broseus is selling raffle tickets for the Huron Valley Saluki Club. They are raffling off a personal oil painting valued at \$700-\$800. The tickets are \$5.00 or 5 for \$20.00. Subject of your choice...animal or person. You can find more information at:

<http://huronvalleysalukiclub.homestead.com/raffle.html>

Joan Priest will make more table cloths for our Stewart tables. Reminder, the next board meeting will be after the August 14th club meeting.

Quote of the month:

If you get to thinking you're a person of some influence, try ordering somebody else's dog around.

Infirmary Mound Park on Hwy37

Breed of the month:

English Cocker Spaniel

The English Cocker Spaniel is an active, merry sporting dog, standing well up at the withers and compactly built. He is alive with energy; his gait is powerful and frictionless, capable both of covering ground effortlessly and penetrating dense cover to flush and retrieve game. His enthusiasm in the field and the incessant action of his tail while at work indicate how much he enjoys the hunting for which he was bred. His head is especially characteristic. He is, above all, a dog of balance, both standing and moving, without exaggeration in any part, the whole worth more than the sum of its parts.

Height at withers: males 16 to 17 inches; females 15 to 16 inches. In optimal condition adult males weigh 28 to 34 pounds and females weigh 26 to 32 pounds.

The English Cocker has an expression that is soft, melting, yet dignified, alert, and intelligent. Eye color is dark brown, except in livers and liver parti-colors where hazel is permitted, but the darker the hazel the better.

The English Cocker's coat is short and fine on his head and of medium length on his body. The coat may be flat or slightly wavy; silky in texture. The English Cocker's coat is well-feathered. Parti-colors are either clearly marked, ticked or roaned, the white appearing in combination with black, liver or shades of red. Solid colors are black, liver or shades of red. Tan markings, clearly defined and of rich shade, may appear in conjunction with black, livers and parti-color combinations of those colors. Black

and tans and liver and tans are considered solid colors.

The English Cocker is merry and affectionate, of equable disposition, neither sluggish nor hyperactive, a willing worker and a faithful and engaging companion.
